**Detailed Action**

3. Authorization for this examiner's amendment was given in a telephone interview with Ed Bulchis, Attorney for Applicants (Reg. No. 26,847) April 14, 2006.

4. Application has been amended as follows:

**In the claim:**

Cancel claims 1-25 and 40-50.

**REASONS for ALLOWANCE**

5. The following is an Examiner's statement of reasons for the indication of allowable subject matter: renumbered claims 1-14 are allowable over the prior art of record an update of a search does not detect the combined claimed elements as set forth in the claims 1-14. Specifically, claims are allowable over the prior art of record because none of the prior art of record teaches or fairly suggests a computer system

comprises a CPU, a system controller, a storage device, a plurality of memory module, each of the memory modules comprises a plurality of memory devices and a memory hub comprises a link interface, a memory device interface, a posted write buffer coupled to the link interface and the memory device interface, a read request path and a comm. link as described in the specification and together with combination of other claimed element as set forth in the claims. Also the reasons for allowance of the claims over the prior art of record is believed to be clear from the prosecution records taken as a whole. Therefore, claims 1-14 are allowable over the prior art of records.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons For Allowance."
